# ISAASD 2019

**1<sup>st</sup> International Symposium  
On  
Achieving Agenda 2030 of Sustainable  
Development (ISAASD) 2019**

Dhaka, Bangladesh  
7-9 February 2019

*"Building Capacity for Effective, Inclusive and  
Accountable Public Administration System"*

**Organized by**

**Bangladesh Public Administration Training Centre**  
Savar, Dhaka-1343, Bangladesh  
www.bpatc.org.bd

Bangladesh Public Administration Training Centre, the apex-training institute in the public sector of Bangladesh announces to organize international symposium on achieving agenda 2030 of sustainable development 2019 on 7-9 February 2019. It is the platform for the practitioners of relevant fields to share their experiences and help developing the core agenda of capacity building of civil servants and faculty members of civil service training institutes.

### Symposium Theme

'Building capacity for effective, inclusive and accountable public administration system' is the central theme of the Symposium.

### Objectives of the Symposium

The objectives of the symposium are:

- To share SDGs implementation mechanism of participating countries;
- To share SDGs implementation challenges of the participating countries;
- To share and learn about the SDGs related capacity building activities of various training institutions;
- To identify the capacity building needs of the civil services of various countries; and
- To develop and propose a training curriculum (containing duration, contents, delivery methods and assessment tools) for developing critical competence of civil servants of different countries.

### Participants of Symposium

Scholars from different training organizations from home and abroad are the key participants. Thirty participants are expected to attend the Symposium, including experts from the training and research organizations, government officials, SDGs focal points from different ministries across the countries and other relevant organizations, including:

- a) Experts from civil service training and research institutes of the South and South East Asian regions;

- b) Faculty members of public sector training institutes involved in SDGs related training, research, and development in Bangladesh
- c) Representatives of Ministry/Departments of Bangladesh Government working on SDG capacity building; and
- d) Representatives from nodal organizations like Prime Minister's office, Cabinet Division and Planning Commissions involved in monitoring and supervising SDGs implementation will also be invited.

### Expected outcomes

Following outcomes are expected to achieve from the symposium:

1. SDGs implementation mechanism of participating countries shared;
2. SDGs implementation challenges of the participating countries identified and shared;
3. SDG related capacity building activities of various training organizations shared and learnt;
4. The capacity building needs of the civil services of various countries identified and shared; and
5. The training curriculum (containing duration, contents, delivery methods and assessment tools) for developing critical competence of civil servants of different countries developed and proposed.

### Inaugural Keynote Speaker:

Mr. Md. Abul Kalam Azad

Principal Coordinator (SDG Affairs) and

Former Principal Secretary to the Prime Minister of Bangladesh, Prime Minister's Office, Government of Bangladesh.

### Symposium Date

7-9 February 2019 (Thursday, Friday and Saturday)

### Symposium Venue

International Training Complex  
Bangladesh Public Administration Training Centre  
Savar, Dhaka-1343, Bangladesh

### Structure of Presentation (Preferably MS-PowerPoint/Prezi)

Prospective presenters are requested to submit their 20-minute PowerPoint Presentation consisting of 8-10 slides to sanwarjahan@gmail.com or reza@bpatc.org.bd following guidelines given below:

- Implementation mechanisms of SDGs of respective country
- Implementation challenges of SDGs of respective country
- Capacity building needs of Civil Servants of different levels of participating countries/institutions
- Training solutions on SDGs introduced so far in different training institutes for capacity building for Civil servants
- Training curriculum and structure of capacity building interventions developed and implemented in different institutes
- Capacity building challenges of different countries/institutions

### Thematic Clusters

- Organizational Gap Analysis Technics for SDGs implementation
- Capacity Need Assessment Methods
- Orientation Course Curriculum for entry level officers of civil services
- Implementation Level Course Curriculum for operational level officers of civil services
- Policy Level Course Curriculum for Senior Civil Servants
